

Julhälsning från Kiel

Dear Kerstin and friends of IWC Göteborg Norra,

Yes, as you said, Kerstin, time is flying, and I have to hurry up with all preparations still to be done.

As you notice above, we have managed our Benefit Christmas Market, and we are very content. We are waiting for the total result. Our secretary Ilona has reported about what IWC Kiel has reached. We are waiting for the other clubs, which have taken part. On Tuesday, 19th December 2023 there will be an announcement in the newspapers.

We have also had our last Meeting for this year, which we named our Christmas Meeting, and we have invited our husbands as well. We found a very cozy restaurant along the Kiel Canal, where we were the only guests. But we were quite a number of persons sitting at nicely decorated tables. It was a wonderful dinner and special evening for us all after having worked so hard.

And you had your Christmas Meeting at Gun-Mari Josephson's house, how wonderful. And if everybody is bringing and helping a little bit, this is great. Have I met Gun Mari while we were in Gothenborg? I can see her on facebook, but I don't remember having met her.

I wish everyone of you a wonderful Christmas together with family or/and friends. So be careful traveling around. I guess that you will have snow. For the New Year let's all hope for peace around us.

Kindest Regards, Lore
