

Ämne: Lebanon Project

Dear National Representatives around The World,

Beirut is still struggling to recover, and to repair the damage that the explosions have caused. It is with great pleasure that we can now give you the first report regarding the donations which have been received from Districts and Clubs from around the world to our Lebanon Project.

We are delighted to report that \$38'500 has been collected, Gemma and I would like to take this opportunity of thanking each and everyone of the Clubs and Inner Wheel Members for their fantastic generosity.

With the money we now have, we can move forward in identifying the areas where urgent repairs are needed or equipment bought, every step of the way Gemma and I will keep you informed.

Thank you to all our National Representatives for your help and the distribution to your Clubs of our FLYERS (attached). Without your help we would have had very little success, thank you again, TOGETHER WE CAN SAVE LIVES.

In friendship

Angelika Walde and Gemma Pirondini

PS please could you forward this letter to all your Districts and Inner Wheel Clubs in your Country.

Gemma Pirondini & Angelika Walde
Board Directors 2020-2021
