

### National Representative Guidelines Flag March & Group Photograph

1. **Flag Size:** Suggested Country's flag – **36 inches (height) & 60 inches (width – left to right)**
2. Flag should be attached/fixed with a pole **(Min. 60 inches)** which is easy to hold while clicking the picture
3. **02 photographs to be clicked** – **one with country's flag (reference image enclosed) & one in a still pose (reference image enclosed)**
4. **Professional Photographer:** It is advised to get the photos clicked from a professional photographer that helps in best picture quality.
5. **Attire, Grooming & Hairstyle:**
  - We suggest you wear a traditional outfit representing your country or else wear casual formals.
  - Wear a decent hairstyle complementing your attire.
  - Make sure you consider accessories - any jewelry that compliments your outfit.
  - Use natural light for best quality & color of photograph
  - Wear light make-up which goes well with your outfit
  - Wear matching footwear to make your wearable standout
6. **Pick the perfect background:** It is advisable to use a plain white background/light colored wall for your photoshoot. A busy or distracting background will take attention away from the person in the photo.
7. **Posture:** Always capture the centre of the background to get a perfect shot. (Refer to image shared for the still posture)
8. **Camera Quality:** It is highly recommended to use a professional camera or for clicking these photographs, however, in case a professional camera is not available, we suggest the use of mobile camera. Select the mobile with a minimum of 64MP rare camera functionality to get a high-quality image.
9. **Image Quality:** A high-resolution JPEG/PNG image is preferable.
10. **Format:** Photographs to be provided in JPEG/PNG file enclosed in the given template.
